## Let's Inspire Bihar

**Let's Inspire Bihar** is a voluntary social, cultural, and educational initiative founded by **Shri Vikas Vaibhav, IPS** — a highly experienced, decorated, and dedicated police officer known for his vision and commitment to social transformation.

The initiative aims to shape a better future for Bihar through the three pillars of **Education, Egalitarianism, and Entrepreneurship**. Inspired by Bihar's glorious heritage — as a **land of knowledge, valour, and visionary leadership** — it seeks to reconnect people with that legacy and motivate them to contribute meaningfully to society.

By reflecting on the causes of Bihar's ancient greatness and its current position, the movement encourages collective introspection and action. **Let's Inspire Bihar** believes that by learning from our illustrious ancestors and channelising our collective energy with **faith, grit, and determination**, we can once again make Bihar a guiding light for the nation.

The mission started in the year **2021** with a purpose to **inspire Biharis** to pursue excellence through education, hard work, and perseverance. The initiative seeks to nurture **Desire, Dedication, and Determination (the 3Ds)** among youth to build a progressive Bihar and contribute to a Developed **India**.

District-level **chapters of motivated volunteers (We call it Co-ordinators)** acting as catalysts for change, promoting the 3Es through:

- **Education:** Organising workshops and motivational sessions with local achievers to revive pride in heritage and foster a culture of knowledge and effort.
- **Egalitarianism:** Engaging in social outreach, connecting the needy with willing contributors to strengthen mutual respect and equality.
- **Entrepreneurship:** Hosting seminars where successful entrepreneurs mentor aspiring youth, encouraging innovation and self-reliance.

Chapters have also been formed among **Non-Resident Biharis and NRIs**, connecting them with local chapters to share knowledge, guidance, and resources for Bihar's holistic development.

## Role Of Co-ordinators

**Membership Drive** In order to achieve the aim of a developed Bihar by 2047, we need to ensure that the message of LIB permeates deep within the masses. Accordingly, Coordinators should aim to build teams in every Districts/Blocks/panchayat of Bihar by 2028. An effort should be made to increase the membership of LIB by contacting and holding dialogue with different sections of society, schools, colleges and institutions, and thus maximise the impact of the initiative.

**Social Media Role** To strengthen the initiative and increase membership, run special campaigns on social media. Social Media Influencers/Youtuber/Podcasters to be added to our team. They can also make district wise/block wise/Panchayat wise or even Chapter wise handles and promotes the initiatives.

Regular Samvads should be held in every district by inviting eminent intellectuals of the district to share their views on 3Es and development of Bihar. Efforts should be made to connect all eminent and intellectual persons of the district with LIB. Activity calendar to be prepared for dissemination of our views. Lets try to explore all the social/cultural/religious occasions where mass gathering is a norm, as a platform to propagate our noble mission.

## Current Status of Let's Inspire Bihar

### 1. Mass Participation:
